James Nevlud, graduating from Saint John Bosco School

I am incredibly grateful to have received this award and for the support it represents. This fall, I will be attending George Mason University to study Mechanical Engineering. I'm excited not only for my academic journey, but also for the opportunity to grow in my faith by being involved in campus ministry and hopefully continuing to serve at the altar. Looking ahead, I hope to stay in the area so I can remain close to my workshop and continue pursuing my passion for woodworking. I'm honored to have been chosen for the scholarship.
